

Aerron Sander V. Gumarao

Computer Science Student | Software Engineering

San Pablo City, Laguna | +63 966 223 2618 | aerronsandergumarao@gmail.com | github.com/Asvg18

Education

Manuel S. Enverga University Foundation | Lucena City, Quezon

Expected June 2027

Bachelor of Science in Computer Science, Major in Software Engineering | GWA: 1.36 (1.00 highest)

Institutional Scholarship: DOST-SEI Undergraduate Scholar (2023 - Present)

Academic Recognition: Consistent Dean's Lister and Academic Scholar (2023 - Present)

Projects

CheckMatePH: Fact-Checking Social Media App

SIKAPTala Hackathon | Top 6 Finalist

Next.js, TypeScript, Supabase, OpenAI API

- Top 6 finalist out of 70 teams at the national SIKAPTala Hackathon with a social media app that counters misinformation through an evidence-based model of fact-checking, peer evaluation, and constructive criticism. Led UI/UX, creative direction, and pitch strategy in an eight-member team, and helped shape the platform's features, presentation, and overall approach.

ARKIVE: Multi-Agent Hiring System

Undergraduate Thesis Project

React, FastAPI, LangGraph, PostgreSQL, Docker

- Multi-agent job posting and hiring platform built to cut manual HR workload at MSEUF, pairing AI-driven candidate matching with one streamlined, scalable workflow for applicants and employees across departments. Served as UI/UX lead, researcher, and one of the developers (mostly front-end), bridging design and engineering.

Unloque: Government Programs App

Welfare Access & Analytics Platform

Flutter, Firebase, Next.js

- Led a four-member team building a government welfare platform for marginalized Filipino communities to discover, track, and seek aid. Drove concept development and innovation alongside UI/UX, research, branding, and pitch, conceptualizing map-based aid heatmaps and forecasting to make government assistance more accessible and visually understandable.

Leadership Experience

Creatives Committee Member / Co-Head | PSITES / MASTECH

2023 - 2025

- Created social media materials, event setups, and other visual outputs with fellow students for campus activities.
- Promoted to Co-Head, giving creative direction, reviewing outputs, and coordinating members through changing schedules.

Creatives Committee Head | MSEUF DOST Scholars' Guild

2024 - 2025

- Led the committee in developing visual materials and establishing the organization's public image during its early stages.
- Delegated tasks among members and managed deadlines while balancing academic responsibilities and other activities.

Skills

Languages:	Python, TypeScript, JavaScript, Java, SQL, HTML/CSS, Dart, Swift
Frameworks:	React, Next.js, FastAPI, Flutter, SwiftUI
AI & Agents:	LangGraph, Hybrid RAG (BM25), OpenAI API
Database:	PostgreSQL (pgvector), Supabase, Firebase
Tools & Practices:	Git/GitHub, Docker, Figma, Canva, VS Code, Xcode, Agile
Design & Product:	Concept Development, Creative Problem Solving, User-Centered Design
Collaboration:	Team Collaboration, Active Listening, Feedback & Iteration

Activities & Certifications

ASEAN Data Science Explorers Participant, Universiti Teknikal Malaysia Melaka	Aug 11, 2026
SIKAPTala 2026 Hackathon Top 6 Finalist	May 15, 2026
Software Engineering Specialization HKUST via Coursera	Apr 7, 2026
BPI DATA Wave 2025 Human-Centered Market Research & Ideation, Eskwelabs	Jul 11, 2025
AppCon 2024 Participant, OTIS Philippines Inc.	Jun 28, 2025
Tech Nexus 2024 Certificate of Recognition, DEVCON Philippines	Dec 7, 2024
